NOTTE BIANCA¹⁷ ★ ATMOSFERA

ATMOSFERA Programme

Atmosfera is Notte Bianca's fringe programme of events inspired by the hustle and bustle of capital city life. In addition to the official Notte Bianca events, festival goers are further spoilt for choice as many of Valletta's churches, state palaces and museums will be opening their doors to visitors until the early hours, some of which will also be playing host to art exhibitions and performances. Streets and piazzas will be transformed into venues for open-air theatrics and concerts, while many cafes and restaurants will extend their hours, some even operating street food stalls. Every which way you turn, you are bound to stumble upon another festival treat. This year's highlights include a free entrance to the Malta 5D experience and the opportunity to visit the Archbishop's palace.
